

POEMS AND SEASONS

A) Read the poem and say what happens in each season.

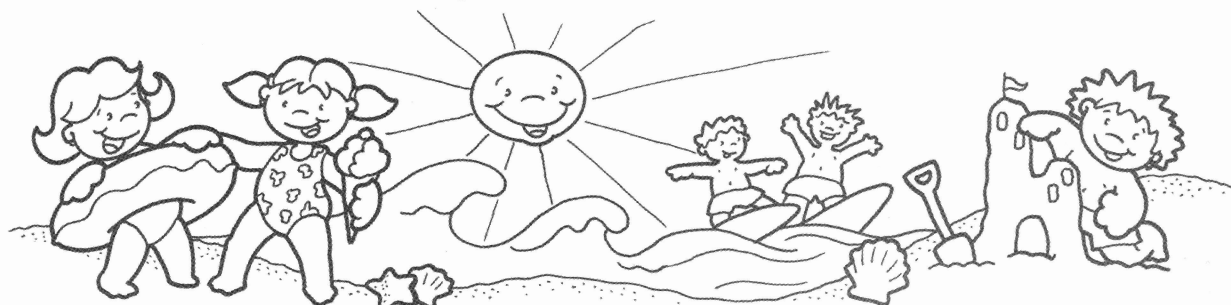

B) Write your own poem about your favourite season.

C) Illustrate and read it aloud.

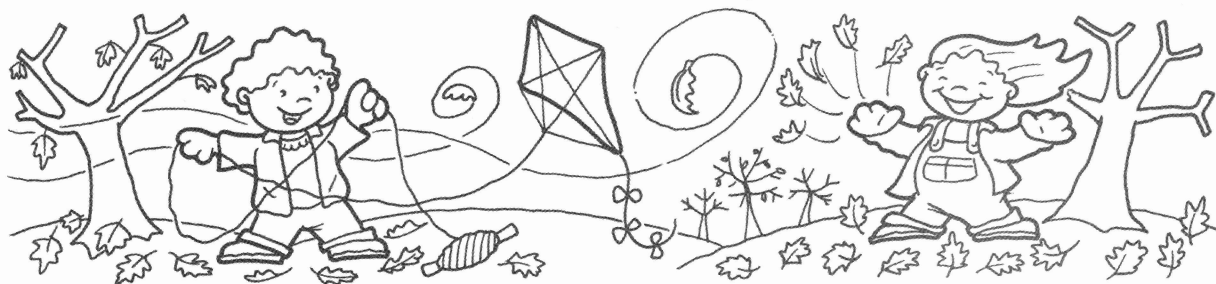

The weather is a curious thing.
It's always nice in the spring.

Summer brings sun and heat,
so many things to do and ice-creams to eat!

In autumn, leaves fall down.
And we play on the ground.

Winter brings wind, cold and snow.
To make a snowman, we must have a go!
